The Honorable Tina Kotek
Speaker of the House
900 Court Street NE, Room 269
Salem, OR 97301

Dear President Courtney and Speaker Kotek:

ORS 144.660 directs me to report to the Legislative Assembly at its regular session each reprieve, commutation, pardon, or remission of penalty or forfeiture granted since the beginning of the previous legislative session. My report is as follows:

Since June 29, 2019, I have granted 14 pardons and two conditional commutations. No reprieves or remissions of penalty or forfeiture have been granted. Between June 29, 2019, and today, 38 applications for commutation of sentence have been denied. There are 42 commutation applications pending. 19 pardon applications have been denied, 43 pardon applications are pending, two pardon applications were withdrawn, and one pardon applicant is deceased. One reprieve application was denied and two reprieve applications are pending. No remission applications are pending.

Please note that one applicant has applied for more than one type of executive clemency. This report accounts for each type of clemency requested as a separate application.

I have granted the following two conditional commutations:

Johnathan Stuart Baker. Convicted of Manslaughter in the First Degree on February 25, 2013, at the age of seventeen. Sentenced to a total of 120 months incarceration, 36 months post-prison supervision, and ordered to pay fees and assessments. Mr. Baker was incarcerated by the Oregon Youth Authority for seven and a half years and during that time demonstrated exemplary progress and considerable evidence of rehabilitation. Mr. Baker was scheduled to be transferred to an adult prison on May 9, 2020, and was scheduled to complete his 120 month term of incarceration on September 5, 2022. I concluded that continued incarceration of Mr. Baker does not serve the best interest of the State of Oregon.

Carrie Lynn Wilson. Convicted of Felony Murder and Robbery in the First Degree on December 19, 1997. Sentenced to a mandatory 25 year minimum incarceration, post-prison supervision for remainder of life and ordered to pay fees and assessments. Ms. Wilson was incarcerated by the Coffee Creek Correctional Facility for 22 years and during that time demonstrated excellent progress and considerable evidence of rehabilitation. At the time of her sentencing, the trial judge and Marion County District Attorney stated on the record their belief that a mandatory minimum sentence of 25 years was too harsh and committed to supporting a clemency application in the future. Accordingly, the Marion County District Attorney supported Ms. Wilson's commutation. I concluded that continued incarceration of Ms. Wilson does not serve the best interests of the State of Oregon.
